

Introducing the Tek RMD 2020 with multiple configurations to fit your lifestyle and needs!

MATIA ROBOTICS

Robotic
Mobilization
Device

Tek RMD Electric Stander

The electric lift will take the user completely from sitting to standing with ease.

Getting from a seated position into a standing position with the Tek RMD is quick and simple. The motor assists in lifting the weight of the user, so getting into the standing position is effortless.

Individuals can board the Tek RMD and get into the standing position independently without assistance from others. The convenience and simplicity helps to encourage the users to get into a standing position countless times, and perform various daily activities while in the standing position.

Tek RMD Base Model

The mobility platform that completely re-imagines the way you are able to move around in your world.

Tek RMD Outdoor Kit

Open up your world with the ability to navigate more areas including outdoors.

Tek RMD Fold Away Transfer Seat
An optional transfer seat that can be used or stored out of the way when not in use.
